

Active Interferon Gamma (IFN γ)

Catalog No: tcup62

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 95%

Amino Acids:

Gln24~Gln166

SwissProt:

P01579

Predicted Molecular Weight:

18.4kDa

Observed Molecular Weight:

22&25kDa

Tags:

N-terminal His Tag

Product Description

Prokaryotic expression
