

Active Interleukin 2 (IL2)

Catalog No: **tcup73**

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Mus musculus (Mouse)

Source:

293F cell

Purity / Grade:

> 97%

Amino Acids:

Ala21~Gln169

SwissProt:

P04351

Predicted Molecular Weight:

18.9kDa

Observed Molecular Weight:

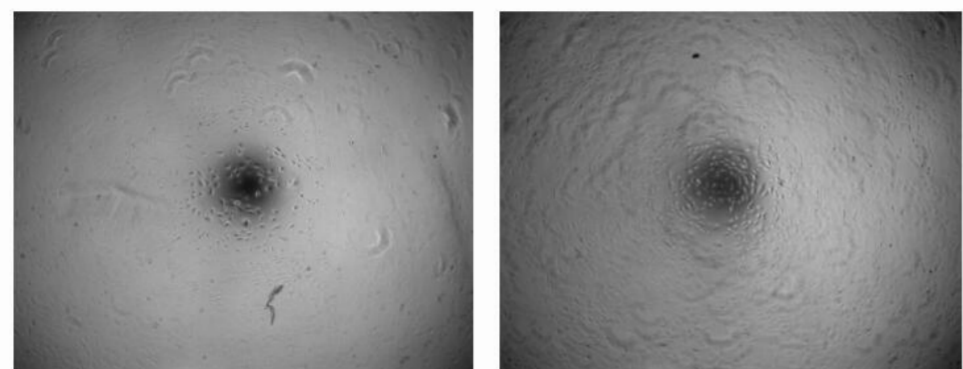

25kDa

Tags:

N-terminal His Tag

Product Description

Eukaryotic expression

A

B

Figure 1. The inhibitory effect of IL-2 on cell proliferation of 3T3 cells.

(A) 3T3 cells cultured in DMEM, stimulated with IL2 (10ng/mL) for 72h;

(B) Unstimulated 3T3 cells cultured in DMEM for 72h.

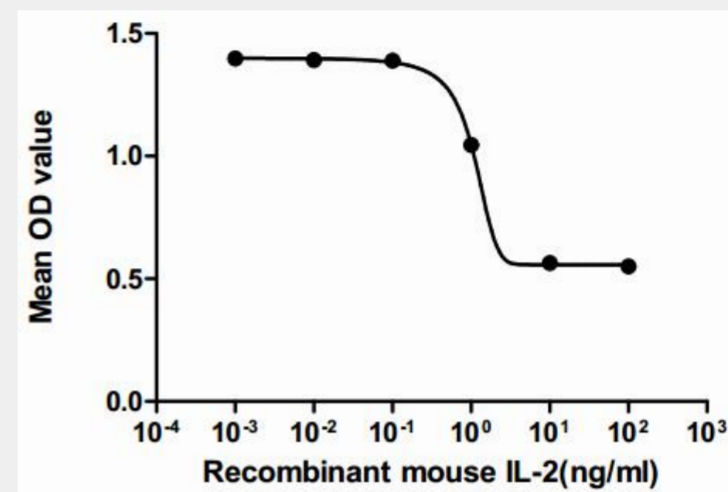

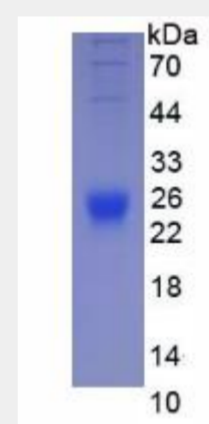

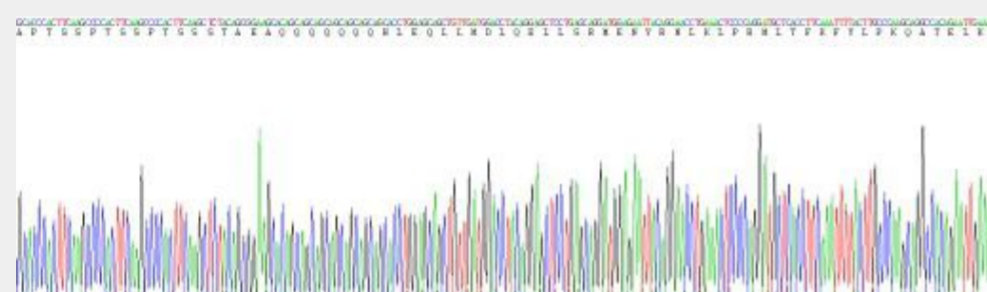

Figure 2. The dose-effect curve of IL2 on 3T3 cells.
