

Recombinant Receptor Interacting Serine Threonine Kinase 2 (RIPK2)

Catalog No: tcup3784

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

E.coli

Purity / Grade:

> 95%

Amino Acids:

Gln432~Met540

SwissProt:

O43353

Predicted Molecular Weight:

16.2kDa

Observed Molecular Weight:

16.2kDa

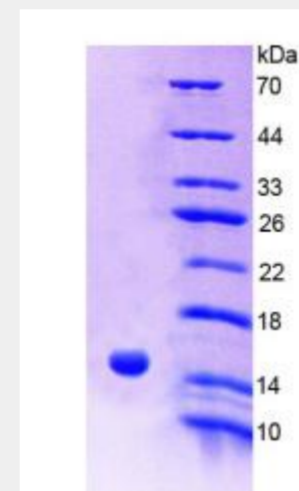

Tags:

two N-terminal Tags, His-tag and T7-tag

Product Description

Prokaryotic expression
