

Recombinant Cholinergic Receptor, Nicotinic, Alpha 4 (CHRNA4)

Catalog No: tcup4026

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

E.coli

Purity / Grade:

> 95%

Amino Acids:

Asn49~Leu242

SwissProt:

P43681

Predicted Molecular Weight:

26.5kDa

Observed Molecular Weight:

26.5kDa

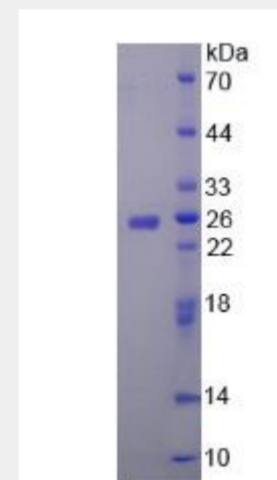

Tags:

two N-terminal Tags, His-tag and T7-tag

Product Description

Prokaryotic expression
