

Recombinant Inhibitor Of Kappa Light Polypeptide Gene Enhancer In B Cells Kinase Beta (IkBKb) Catalog No: tcup7566

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

E.coli

Purity / Grade:

>90%

Amino Acids:

Asp246~Val528

SwissProt:

O14920

Predicted Molecular Weight:

62.3kDa

Observed Molecular Weight:

62.3kDa

Tags:

two N-terminal Tags, His-tag and GST-tag

Product Description

Prokaryotic expression
