

Eukaryotic Beta 2 Microglobulin (b2M)

Catalog No: tcup8387

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

293F cell

Purity / Grade:

> 95%

Amino Acids:

Gln22~Met119

SwissProt:

P61769

Predicted Molecular Weight:

13.2kDa

Observed Molecular Weight:

13kDa

Tags:

N-terminal His Tag

Product Description

Eukaryotic expression
