

Eukaryotic Inhibin Beta A (INHbA)

Catalog No: tcup8405

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

293F cell

Purity / Grade:

> 95%

Amino Acids:

Ser21~Ser426

SwissProt:

P08476

Predicted Molecular Weight:

46.6kDa

Observed Molecular Weight:

47kDa

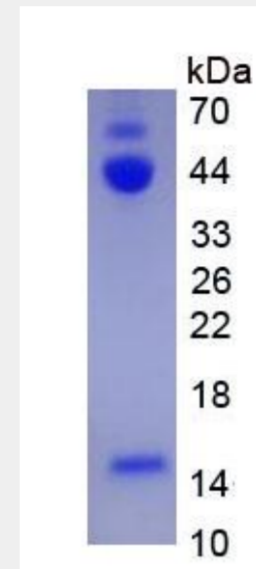

Tags:

N-terminal His Tag

Product Description

Eukaryotic expression
