

Eukaryotic Complement Component 5a (C5a)

Catalog No: **tcup8411**

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

293F cell

Purity / Grade:

> 95%

Amino Acids:

Thr678~Arg751

SwissProt:

P01031

Predicted Molecular Weight:

35.0kDa

Observed Molecular Weight:

35kDa

Tags:

N-terminal His Tag and C-terminal Fc Region of Human IgG1

Product Description

Eukaryotic expression
