

Eukaryotic Tumor Necrosis Factor Ligand Superfamily, Member 18 (TNFSF18)

Catalog No: tcup8451

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Positive Control; Immunogen; SDS-PAGE; WB.

Species:

Homo sapiens (Human)

Source:

293F cell

Purity / Grade:

> 97%

Amino Acids:

Gln72~Ser199

SwissProt:

P07490

Predicted Molecular Weight:

16.1kDa

Observed Molecular Weight:

15/18kDa

Tags:

N-terminal His Tag

Product Description

Eukaryotic expression
