

Active Interleukin 16 (IL16)

Catalog No: tcup9116

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

-

Purity / Grade:

> 97%

Amino Acids:

Met1203~Ser1332

SwissProt:

Q14005

Predicted Molecular Weight:

17.1kDa

Observed Molecular Weight:

17kDa

Tags:

N-terminal His Tag

Product Description

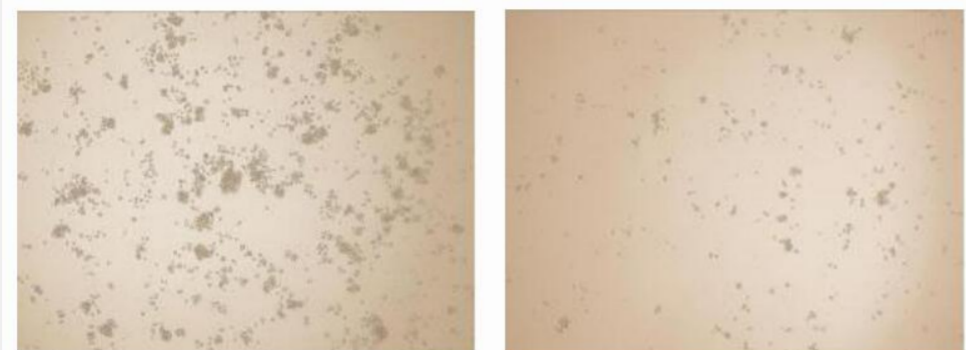

Figure 1. Cell proliferation of Jurkat cells after stimulated with IL7.

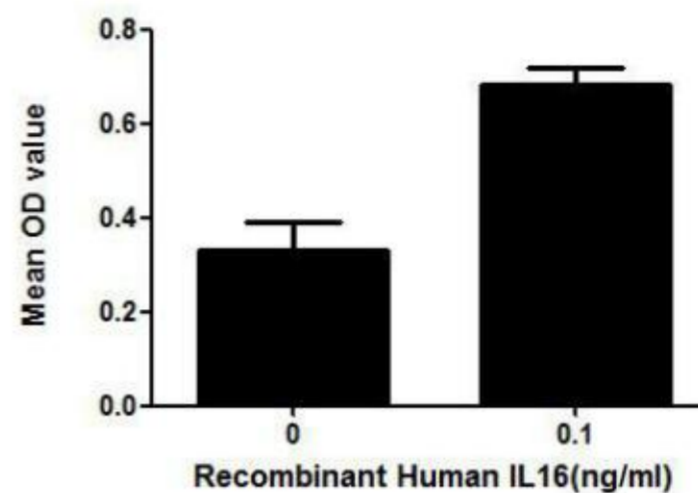

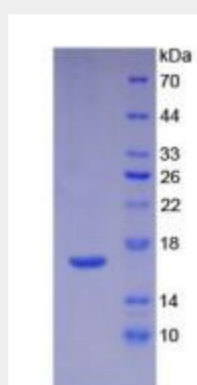

Figure 2. Cell proliferation of Jurkat cells after stimulated with IL7.
