

Active Factor Related Apoptosis (FAS)

Catalog No: tcup9163

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 95%

Amino Acids:

Ser22~Ser172

SwissProt:

P25445

Predicted Molecular Weight:

66.9kDa

Observed Molecular Weight:

66kDa

Tags:

Two N-terminal Tags, His-tag and MBP-tag

Product Description

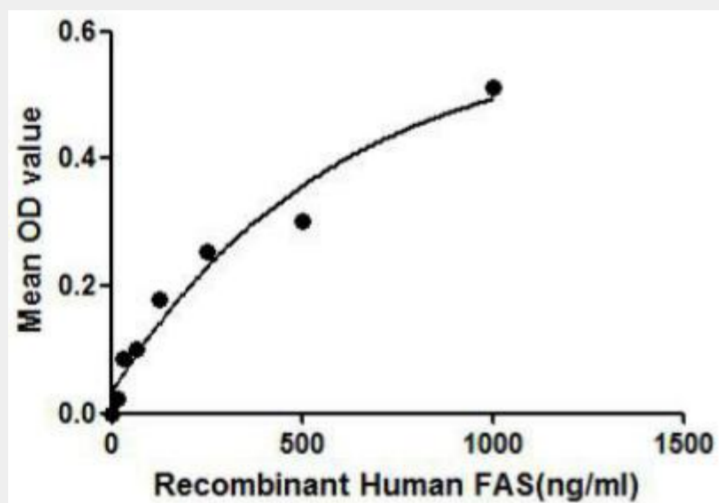

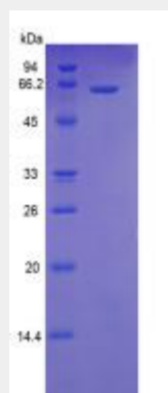

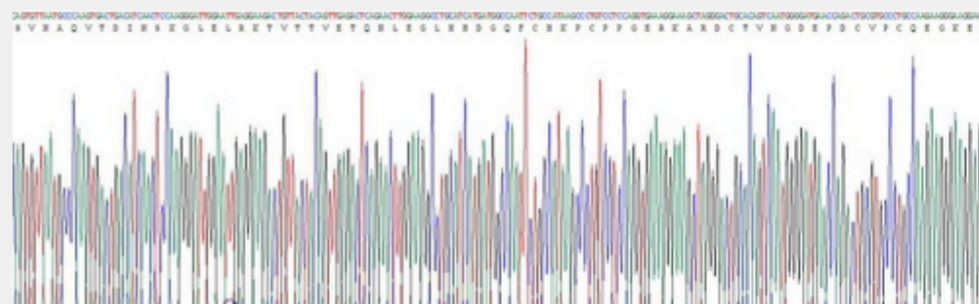

Figure 1. The binding activity of FAS with TNF α .
