

Active Colony Stimulating Factor 1, Macrophage (MCSF)

Catalog No: tcup9172

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Mus musculus (Mouse)

Source:

E. coli

Purity / Grade:

> 95%

Amino Acids:

Lys33~Ser204

SwissProt:

P07141

Predicted Molecular Weight:

23.5kDa

Observed Molecular Weight:

24kDa

Tags:

N-terminal His Tag

Product Description

-

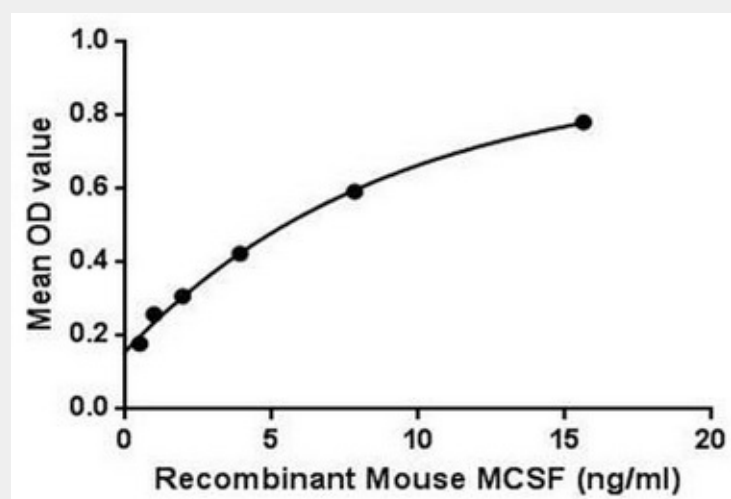

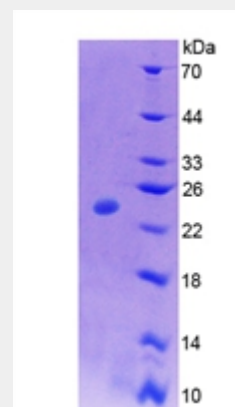

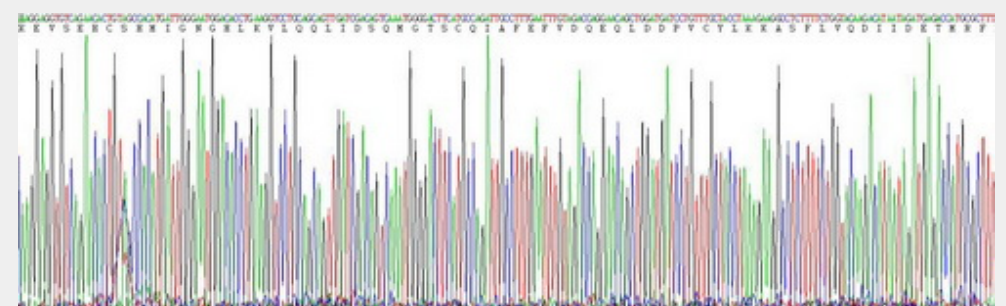

Figure 1. The binding activity of M-CSF with M-CFS-R.
