

Active Anti Mullerian Hormone (AMH)

Catalog No: tcup9179

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 95%

Amino Acids:

Ala453~Arg560

SwissProt:

P03971

Predicted Molecular Weight:

12.8kDa

Observed Molecular Weight:

14kDa

Tags:

N-terminal His Tag

Product Description

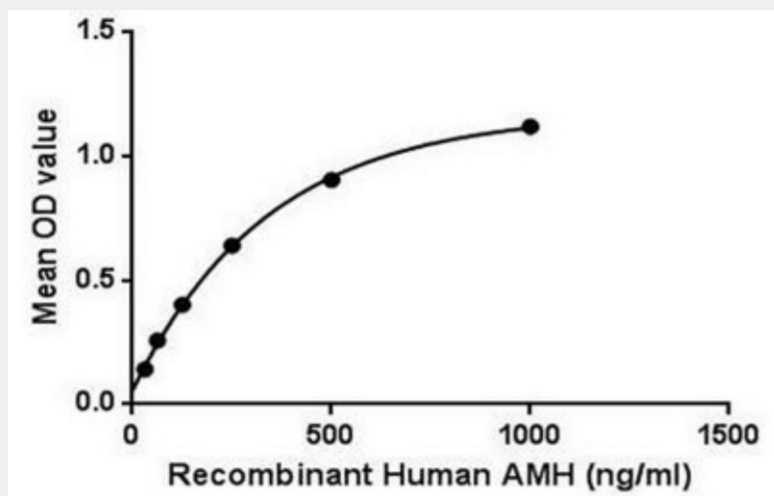

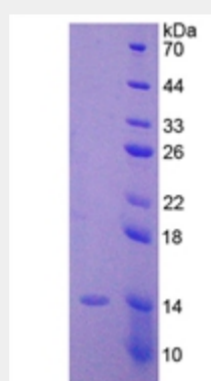

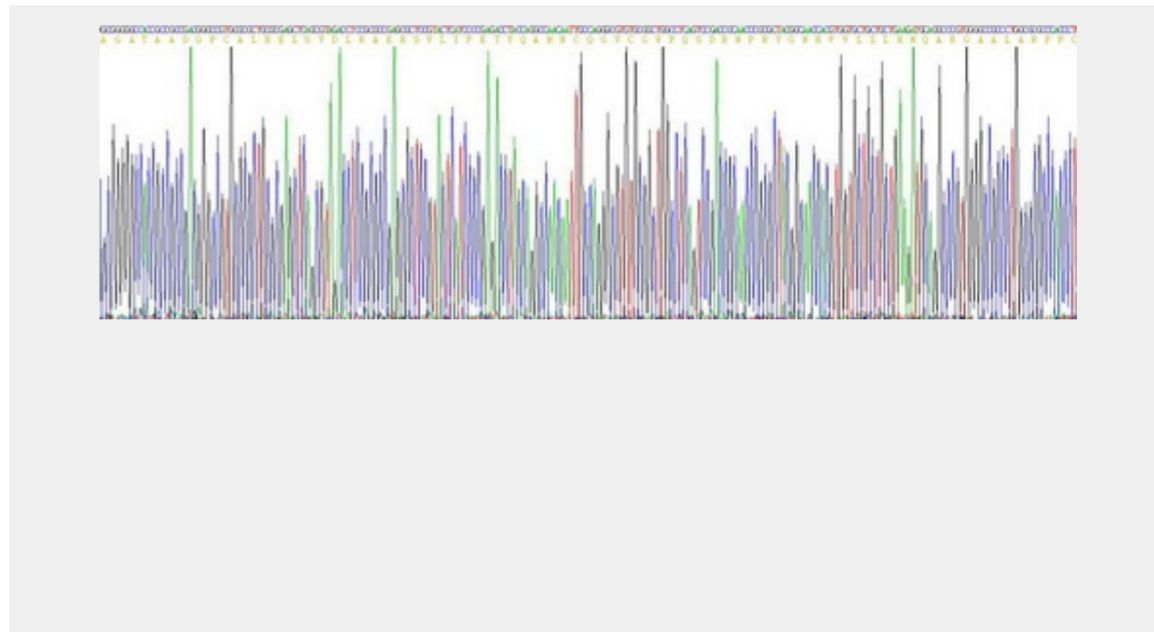

Figure 1. The binding activity of AMH with Smad9.
