

Active Paraoxonase 1 (PON1)

Catalog No: **tcup9181**

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 97%

Amino Acids:

Gln35~Val206

SwissProt:

P27169

Predicted Molecular Weight:

20.6kDa

Observed Molecular Weight:

30kDa

Tags:

N-terminal His Tag

Product Description

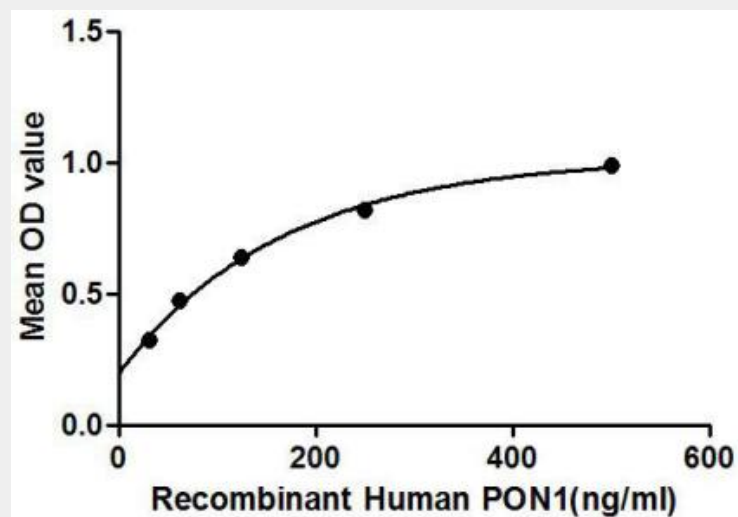

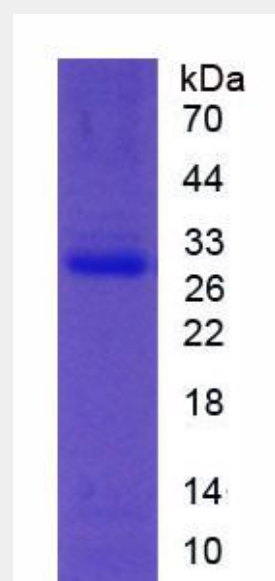

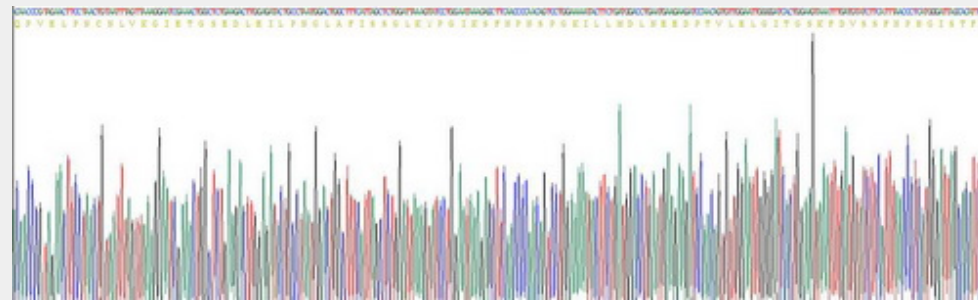

Figure 1. The binding activity of PON1 with CLU.
