

Active Vitamin D Receptor (VDR)

Catalog No: tcup9184

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 90%

Amino Acids:

Met272~Ser427

SwissProt:

P11473

Predicted Molecular Weight:

21.6kDa

Observed Molecular Weight:

20kDa

Tags:

N-terminal His Tag

Product Description

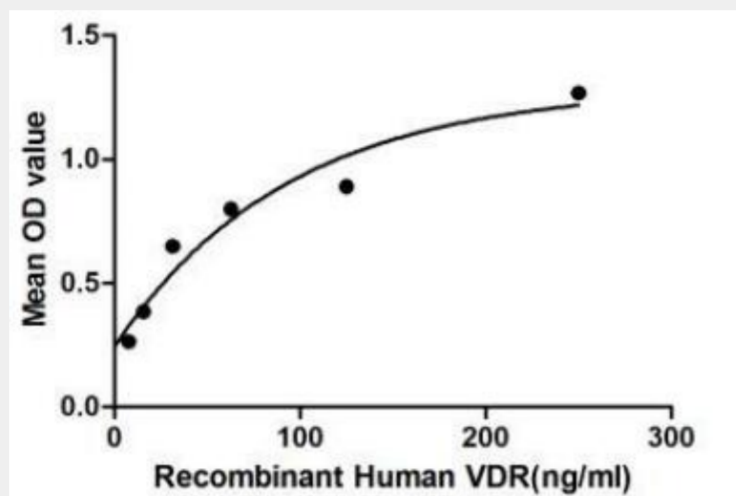

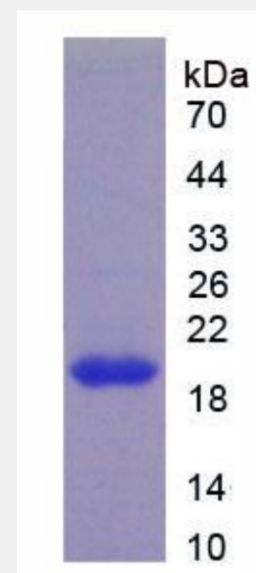

Figure 1. The binding activity of VDR with EP300.
