

Active Protein Kinase R (PKR)

Catalog No: **tcup9186**

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Homo sapiens (Human)

Source:

E. coli

Purity / Grade:

> 80%

Amino Acids:

Ser224~Ile502

SwissProt:

P19525

Predicted Molecular Weight:

35.8kDa

Observed Molecular Weight:

32kDa

Tags:

N-terminal His Tag

Product Description

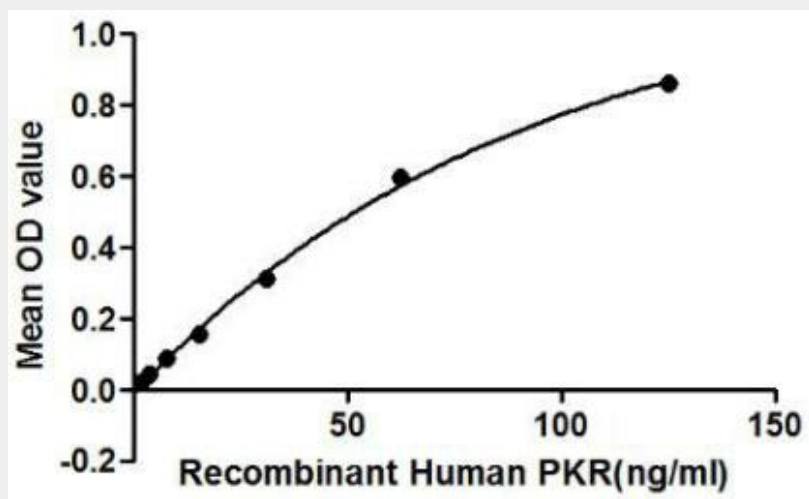

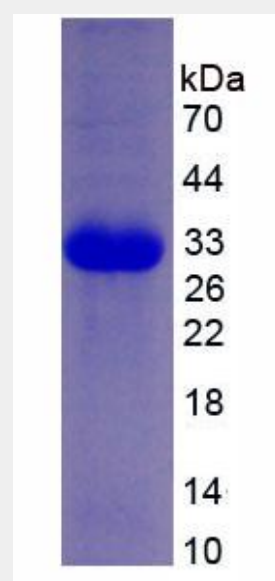

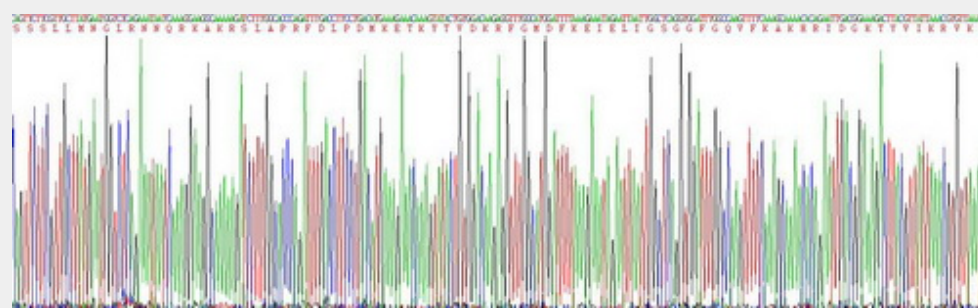

Figure 1. The binding activity of PKR with CDK1.
