

Active Coagulation Factor II (F2)

Catalog No: tcup9195

Available Sizes

Size: 10ug

Size: 50ug

Size: 200ug

Specifications

Application:

Cell culture; Activity Assays.

Species:

Rattus norvegicus (Rat)

Source:

E. coli

Purity / Grade:

> 95%

Amino Acids:

Ser201~Arg323

SwissProt:

P18292

Predicted Molecular Weight:

14.4kDa

Observed Molecular Weight:

20kDa

Tags:

N-terminal His Tag

Product Description

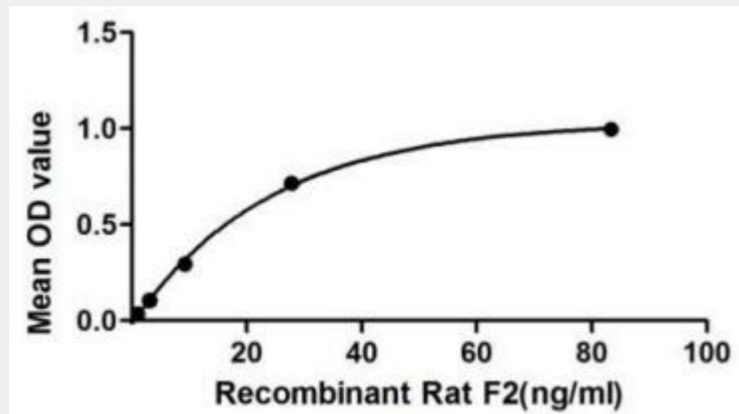

Figure 1. The binding activity of F2 with PCI.
