

Progabide

Catalog No: tcsc0017513

Available Sizes

Size: 5mg

Size: 10mg

Size: 25mg

Specifications

CAS No:

62666-20-0

Formula:

$C_{17}H_{16}ClFN_2O_2$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

SL 76002

Observed Molecular Weight:

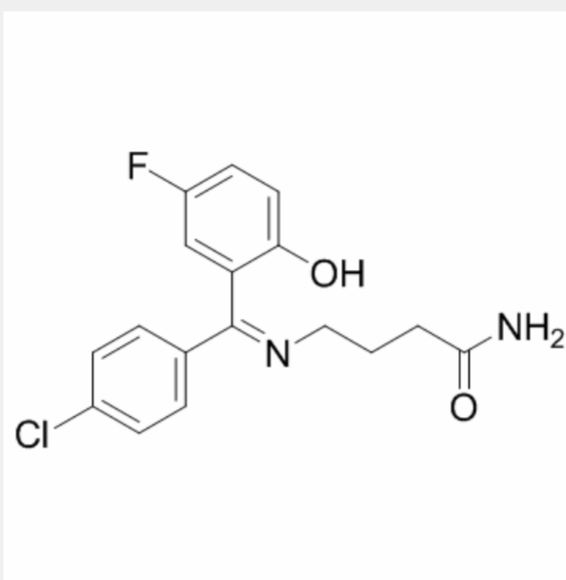

334.77

Product Description

Progabide is a gamma-aminobutyric acid receptor (**GABA**) agonist.

IC50 & Target: GABA receptor^[1]

In Vivo: Progabide is a gamma-aminobutyric acid receptor (GABA) agonist. Doses of 50, 100 and 200 mg/kg Progabide given IP to male Wistar rats increase the plasma corticosterone levels by 244, 365 and 476% respectively (t=6.44 to 12.55, p[1]).
