

Dolutegravir intermediate-1

Catalog No: tcsc0018060

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

1335210-23-5

Formula:

$C_{13}H_{17}NO_8$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

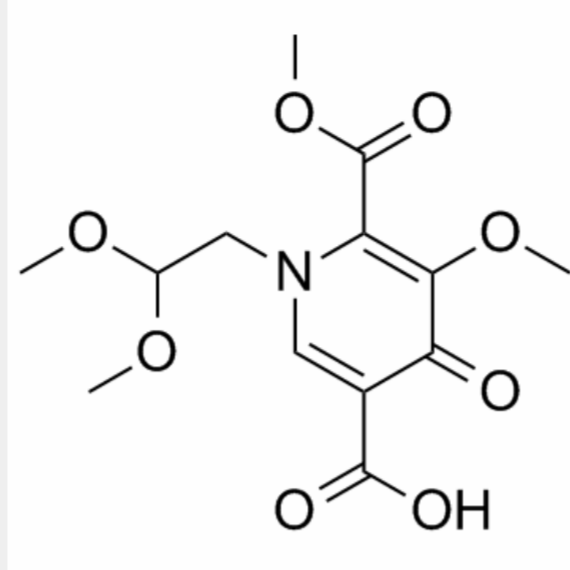

10 mM in DMSO

Observed Molecular Weight:

315.28

Product Description

Dolutegravir intermediate-1 is a novel synthetic intermediate of dolutegravir extracted from patent WO 2016125192 A2. Dolutegravir is an integrase inhibitor developed for the treatment of human immunodeficiency virus (HIV)-I infection.
