

Cinperene

Catalog No: tcsc0018416

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

14796-24-8

Formula:

$C_{25}H_{28}N_2O_2$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

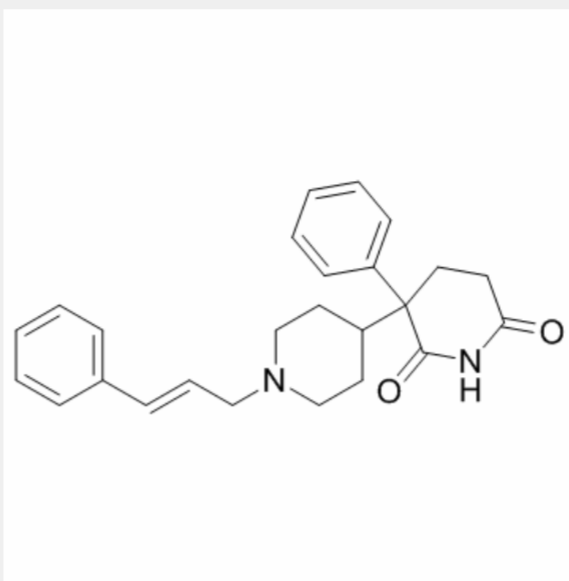

R5046

Observed Molecular Weight:

388.5

Product Description

Cinperene is an atropine-like drug which can block pilocarpine-induced lacrimation and salivation.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
