

# Rho-Kinase-IN-1

## Catalog No: tcsc0018421

### Available Sizes

**Size:** 1mg

**Size:** 5mg

**Size:** 10mg

### Specifications

**CAS No:**  
1035094-83-7

**Formula:**  
 $C_{20}H_{24}N_4S$

**Pathway:**  
GPCR/G Protein

**Target:**  
Ras

**Purity / Grade:**  
>98%

**Solubility:**  
10 mM in DMSO

**Observed Molecular Weight:**  
352.5

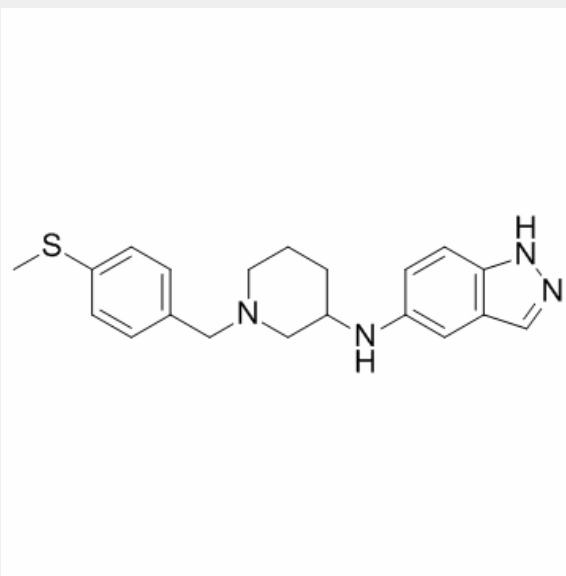

### Product Description

Rho-Kinase-IN-1 is a **rho kinase** inhibitor extracted from US 20090325960 A1, compound 1.008.

IC50 & Target: Rho kinase<sup>[1]</sup>

***In Vitro:***

Rho-Kinase-IN-1 is a rho kinaseinhibitor which can be useful for treating diseases or conditions associated with excessive cell proliferation, remodeling, edema and inflammation<sup>[1]</sup>.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
