

Pirolate

Catalog No: tcsc0018432

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

55149-05-8

Formula:

$C_{16}H_{15}N_3O_5$

Pathway:

Immunology/Inflammation;GPCR/G Protein

Target:

Histamine Receptor;Histamine Receptor

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

CP-32387

Observed Molecular Weight:

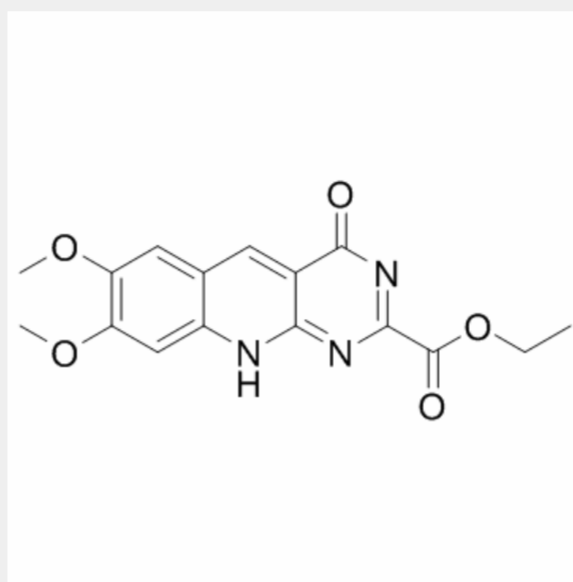

329.31

Product Description

Pirolate is a **histamine H1** receptor.

IC50 & Target: Histamine H1 receptor^[1]

In Vitro: Pirolate is an antihistamine compound^[1].

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
