

Thiazolidinone-Derivatives-1

Catalog No: tcsc0018436

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

136272-75-8

Formula:

$C_{11}H_{10}N_2OS$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Observed Molecular Weight:

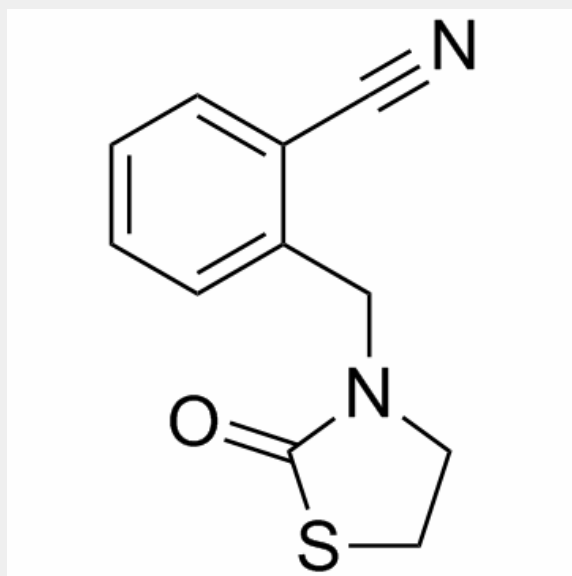

218.27

Product Description

Thiazolidinone-Derivatives-1 is an antiulcer agent which inhibits the secretion of gastric acid.

In Vitro: Thiazolidinone-Derivatives-1 is extracted from patent WO/1991/008203, compound example 1. Thiazolidinone-Derivatives-

1 shows a gastric acid secretion-inhibiting effect and therefore, is useful for the treatment of gastric and duodenal ulcers.
