

## **Thiazolidinone-Derivatives-1**

Catalog No: tcsc0018436

Available Sizes
Size: 1mg
Size: 5mg
Size: 10mg
Specifications
CAS No: 136272-75-8
Formula: C <sub>11</sub> H <sub>10</sub> N <sub>2</sub> OS
<b>Pathway:</b> Others
<b>Farget:</b> Others
Purity / Grade: >98%
Solubility: LO mM in DMSO
Observed Molecular Weight: 218.27

## **Product Description**

Thiazolidinone-Derivatives-1 is an antiulcer agent which inhibits the secretion of gastric acid.

In Vitro: Thiazolidinone-Derivatives-1 is extracted from patent WO/1991/008203, compound example 1. Thiazolidinone-Derivatives-

1 shows a gastric acid secretion-inhibiting effect and therefore, is useful for the treatment of gastric and duodenal ulcers.
