

Substituted piperidines-1

Catalog No: tcsc0018457

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

170842-46-3

Formula:

$C_{29}H_{39}N_7O_2$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

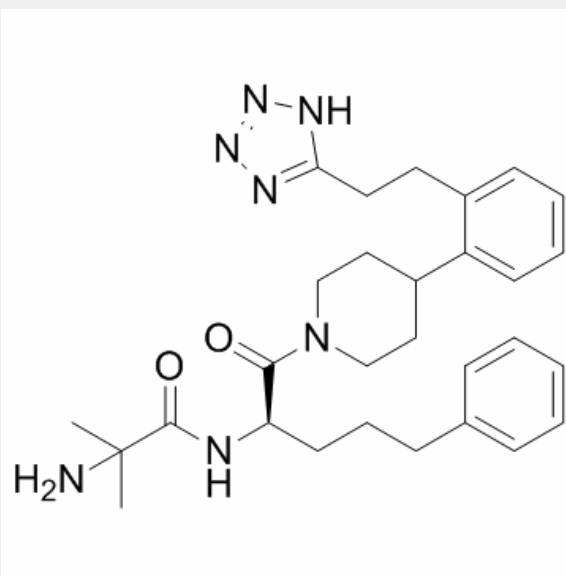

Observed Molecular Weight:

517.67

Product Description

Substituted piperidines-1 is a compound that can promote the release of growth hormone in humans and animals.

In Vitro: Substituted piperidines-1 is from patent US5721251A, Page 14, line 15 to 25.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
