

# Ribocil-C R enantiomer

Catalog No: **tcsc0033131**

## Available Sizes

---

**Size:** 1mg

**Size:** 5mg

**Size:** 10mg

**Size:** 25mg

## Specifications

---

**Formula:**

$C_{21}H_{21}N_7OS$

**Pathway:**

Others

**Target:**

Others

**Purity / Grade:**

>98%

**Solubility:**

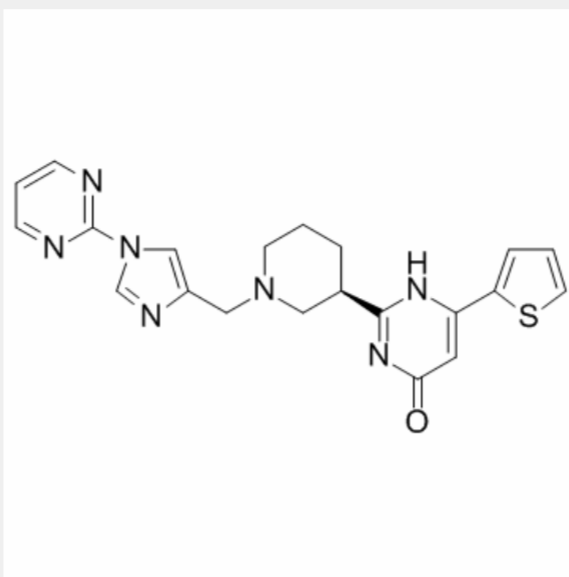

DMSO : 6.7 mg/mL (15.97 mM; Need ultrasonic and warming)

**Observed Molecular Weight:**

419.5

## Product Description

Ribocil-C R enantiomer is the R enantiomer of Ribocil-C. Ribocil-C is a highly selective inhibitor of bacterial riboflavin riboswitches.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
