

# Licogliflozin

**Catalog No: tcsc0039387**

## Available Sizes

---

**Size:** 1mg

**Size:** 5mg

**Size:** 10mg

**Size:** 25mg

**Size:** 50mg

**Size:** 100mg

## Specifications

---

**CAS No:**

1291094-73-9

**Formula:**

$C_{23}H_{28}O_7$

**Pathway:**

Membrane Transporter/Ion Channel

**Target:**

SGLT

**Purity / Grade:**

>98%

**Solubility:**

10 mM in DMSO

**Alternative Names:**

LIK066

**Observed Molecular Weight:**

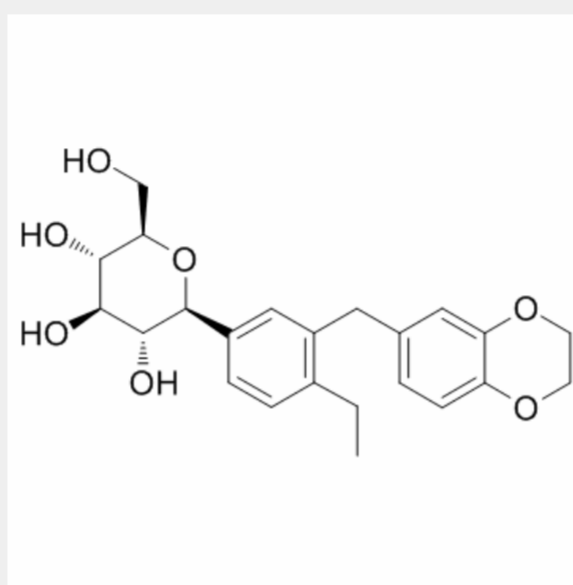

416.46

**Product Description**

Licogliflozin is a sodium glucose cotransporter (**SGLT1** and **SGLT2**) inhibitor.

IC50 & Target: SGLT1, SGLT2<sup>[1]</sup>

**In Vitro:** Licogliflozin (LIK066) is a non-anti-fibrotic treatment agent for non-alcoholic steatohepatitis (NASH).
