

Sodium carboxymethyl cellulose

Catalog No: tcsc0040438

Available Sizes

Size: 5g

Specifications

CAS No:

9085-26-1

Formula:

N/A

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

H2O

Observed Molecular Weight:

1000

Product Description

Sodium carboxymethyl cellulose is the sodium salt of cellulose arboxymethyl and frequently used as viscous agent, paste and barrier agent.

Sodium carboxymethyl cellulose
