

Tezacaftor

Catalog No: tcsc1078

Available Sizes

Size: 5mg

Size: 10mg

Size: 50mg

Size: 100mg

Size: 200mg

Specifications

CAS No:

1152311-62-0

Formula:

$C_{26}H_{27}F_3N_2O_6$

Pathway:

Membrane Transporter/Ion Channel

Target:

CFTR

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

VX-661

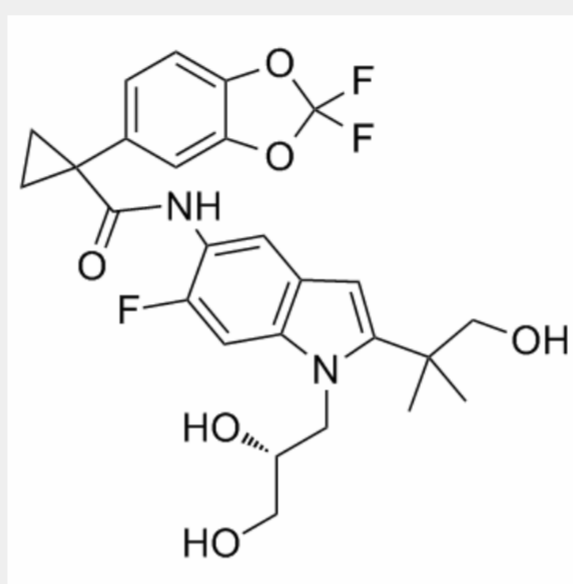

Observed Molecular Weight:

520.5

Product Description

Tezacaftor (VX-661) is a second **F508del CFTR** corrector and help CFTR protein reach the cell surface.

In Vitro: In vitro, a combination of Tezacaftor (VX-661) and ivacaftor results in greater CFTR activity compared with Tezacaftor (VX-661) alone^[2].
