

Boldenone Undecylenate

Catalog No: tcsc1418

Available Sizes

Size: 5mg

Size: 10mg

Size: 50mg

Size: 100mg

Specifications

CAS No:

13103-34-9

Formula:

$C_{30}H_{44}O_3$

Pathway:

Others

Target:

Androgen Receptor

Purity / Grade:

>98%

Solubility:

DMSO : ≥ 41 mg/mL (90.57 mM)

Alternative Names:

Ba 29038

Observed Molecular Weight:

452.67

Product Description

Boldenone Undecylenate (Ba 29038) is a synthetic steroid which has a similar effect as the natural steroid testosterone; it is frequently used in veterinary medicine, though it is also used in humans.

In Vivo: Rabbits were injected intramuscularly twice weekly for two months. BOL had no significant effect on the bwt and bwt gain. Testes and epididymis weights were decreased significantly in the BOL-treated groups. BOL caused significant reduction in serum testosterone level, seminal volume, sperm motility, and sperm count [1].
