

Vanoxerine (dihydrochloride)

Catalog No: tcsc2713

Available Sizes

Size: 10mg

Size: 50mg

Specifications

CAS No:

67469-78-7

Formula:

$C_{28}H_{34}Cl_2F_2N_2O$

Pathway:

Neuronal Signaling

Target:

Dopamine Transporter

Purity / Grade:

>98%

Solubility:

DMSO : 9.4 mg/mL (17.96 mM; Need ultrasonic and warming)

Alternative Names:

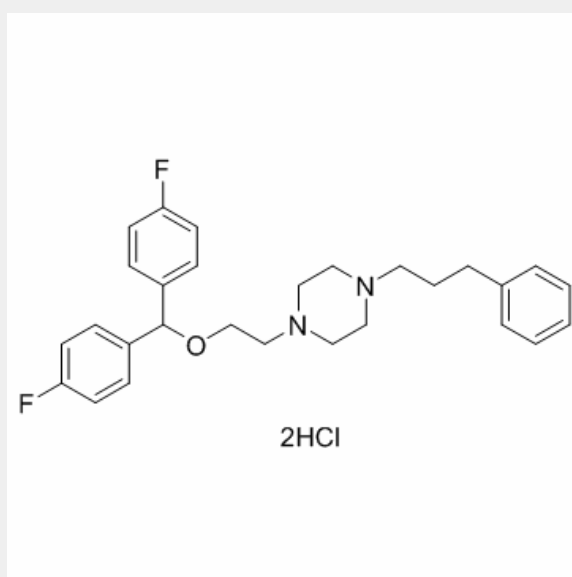

GBR-12909 dihydrochloride;l893 dihydrochloride

Observed Molecular Weight:

523.49

Product Description

Vanoxerine dihydrochloride is a potent and selective **dopamine reuptake** inhibitor.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
