

TPT-260

Catalog No: tcsc2806

Available Sizes

Size: 5mg

Size: 10mg

Size: 50mg

Size: 100mg

Specifications

CAS No:

769856-81-7

Formula:

$C_8H_{12}N_4S_3$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

TPU260

Observed Molecular Weight:

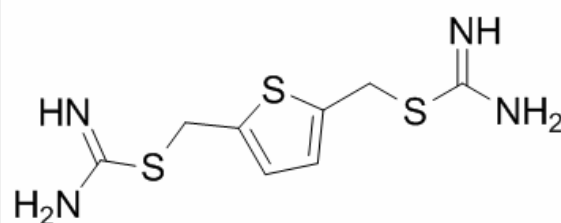

260.4

Product Description

TPT-260(TPU260) is a thiophene thiourea derivative with molecule weight 260.00 in free base form; There is no formal name yet, we temporally call this molecule as TPT-260.

IC50 value:

Target:
