

Veratramine

Catalog No: tcsc3005

Available Sizes

Size: 5mg

Size: 10mg

Size: 50mg

Size: 100mg

Specifications

CAS No:

60-70-8

Formula:

$C_{27}H_{39}NO_2$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

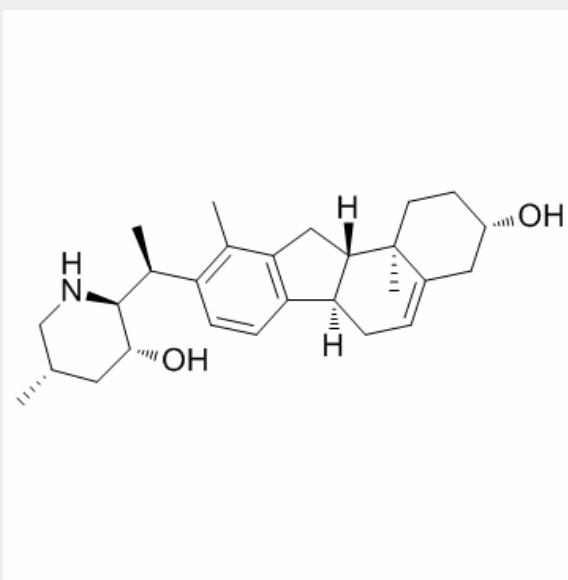

NSC17821;NSC23880

Observed Molecular Weight:

409.6

Product Description

Veratramine(NSC17821; NSC23880) is useful as a signal transduction inhibitor for treating tumors.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
