

Athidathion

Catalog No: tcsc3309

Available Sizes

Size: 10mg

Size: 50mg

Specifications

CAS No:

19691-80-6

Formula:

$C_8H_{15}N_2O_4PS_3$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

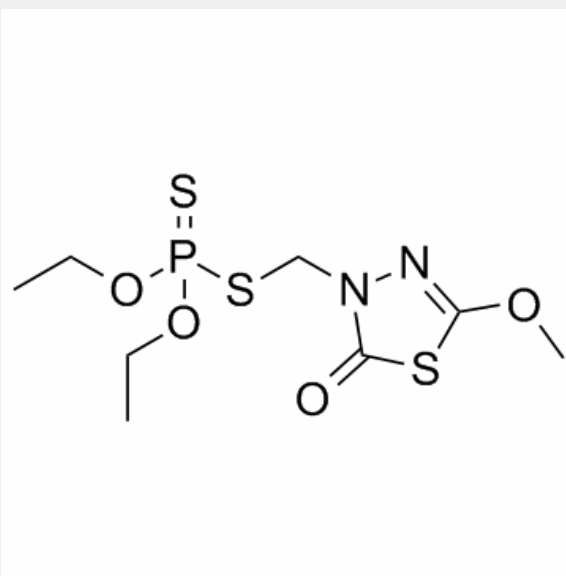

GS-13006

Observed Molecular Weight:

330.38

Product Description

Athidathion(GS-13006) is an organophosphate insecticide.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
