

c-di-AMP

Catalog No: tcsc3325

Available Sizes

Size: 500ug

Size: 1mg

Size: 500μg

Specifications

CAS No:

54447-84-6

Formula:

$C_{20}H_{24}N_{10}O_{12}P_2$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

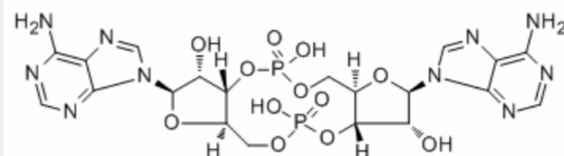

Cyclic diadenylate;Cyclic-di-AMP

Observed Molecular Weight:

658.41

Product Description

Cyclic-di-AMP (c-di-AMP) is a second messenger molecule produced in bacteria but not in mammals; can induce a strong immune response in vitro and in vivo.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
