

Pseudobufarenogin

Catalog No: tcsc3696

Available Sizes

Size: 5mg

Specifications

CAS No:

17008-69-4

Formula:

$C_{24}H_{32}O_6$

Pathway:

Others

Target:

Others

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

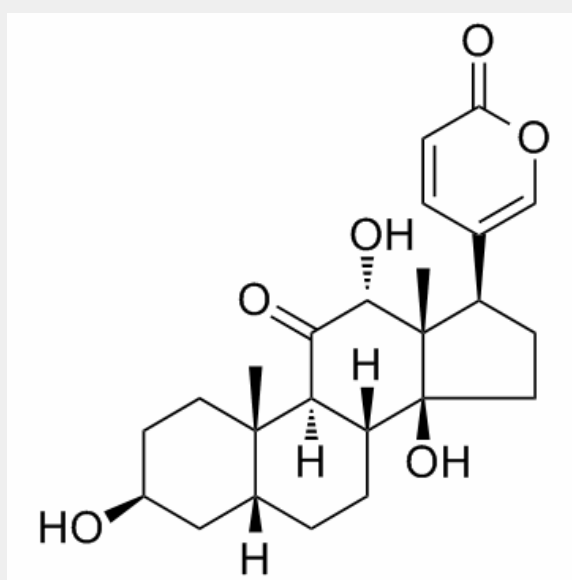

ψ-Bufarenogin

Observed Molecular Weight:

416.51

Product Description

Pseudobufarenogin is a natural compound extracted from toad species with unknown details.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
