

# 3,4-Dicaffeoylquinic acid

Catalog No: tcsc3769

## Available Sizes

**Size:** 5mg

**Size:** 10mg

## Specifications

**CAS No:**

14534-61-3

**Formula:**

$C_{25}H_{24}O_{12}$

**Pathway:**

Others

**Target:**

Others

**Purity / Grade:**

>98%

**Solubility:**

10 mM in DMSO

**Alternative Names:**

Isochlorogenic acid B

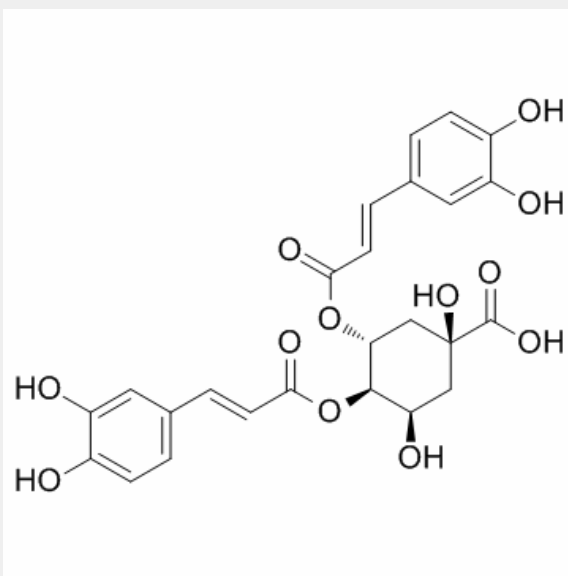

**Observed Molecular Weight:**

516.45

## Product Description

3,4-Dicaffeoylquinic acid is a reference substance of a common phytochemical found in Echinacea (Echinacea sp.); dietary supplement, herb, or plant testing applications with this reference material include material characterization, adulterant

identification, or method validation.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
