

Albendazole sulfoxide D3

Catalog No: tcsc4136

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

1448346-38-0

Formula:

$C_{12}H_{12}D_3N_3O_3S$

Pathway:

Anti-infection

Target:

Parasite

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

Alternative Names:

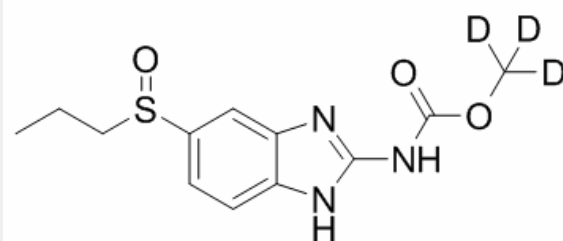

Ricobendazole D3;Albendazole oxide D3

Observed Molecular Weight:

284.35

Product Description

Albendazole sulfoxide D3 is deuterium labeled Albendazole sulfoxide, which is a broad-spectrum anthelmintic.

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
