

Pamicogrel

Catalog No: tcsc7238

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Size: 20mg

Specifications

CAS No:
101001-34-7

Formula:
 $C_{25}H_{24}N_2O_4S$

Pathway:
Immunology/Inflammation

Target:
COX

Purity / Grade:
>98%

Solubility:
10 mM in DMSO

Alternative Names:
KBT3022

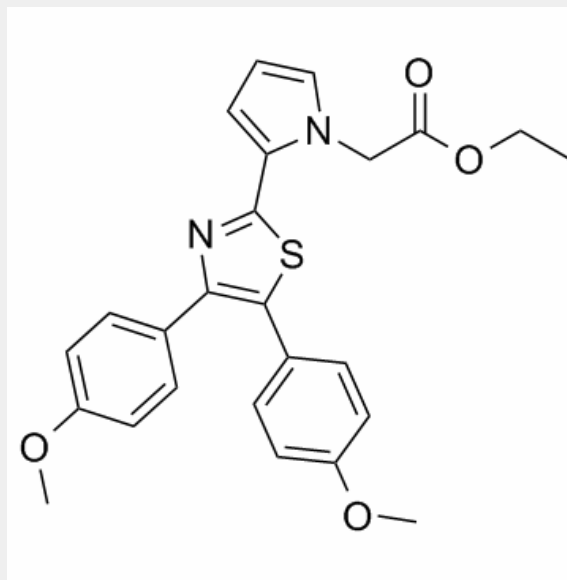

Observed Molecular Weight:
448.53

Product Description

Pamicogrel (KBT3022) is a **cyclooxygenase (COX)** inhibitor.

IC50 & Target: Cyclooxygenase^[1]

In Vitro: Pamicogrel is a cyclooxygenase inhibitor with platelet anti-aggregatory properties which is under development by Kanebo for chronic arterial occlusion. Pamicogrel also has potential in both prophylaxis and treatment of ischemic brain injury^[1].
