

Tachykinin angatonist 1

Catalog No: tcsc7467

Available Sizes

Size: 1mg

Size: 5mg

Size: 10mg

Specifications

CAS No:

178310-77-5

Formula:

$C_{24}H_{35}Cl_2N_5O_3S$

Pathway:

Neuronal Signaling;GPCR/G Protein

Target:

Neurokinin Receptor;Neurokinin Receptor

Purity / Grade:

>98%

Solubility:

10 mM in DMSO

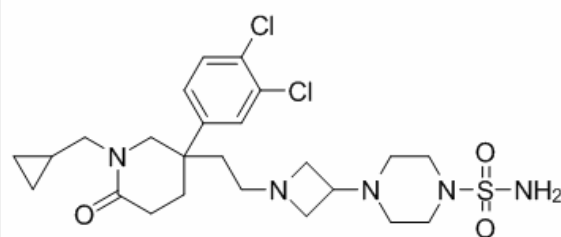

Observed Molecular Weight:

544.54

Product Description

Tachykinin angatonist 1 is a **neurokinin receptor** antagonist extracted from patent US5968923, compound example 32.

IC50 & Target: Neurokinin receptor^[1]
