

# Podocalyxin Antibody- sodium azide free

**Catalog No: tcna700saf** 

Available Sizes
Size: 100ug
Specifications
Application: FACS, IF, IHC-P
Species Reactivity: Human, Rabbit, Rat. Other species not tested.
Host Species: Mouse
Immunogen / Amino acids: A recombinant protein fragment containing the intracellular, transmembrane, and part of the extracellular domain of human PODXL was used as the immunogen for the Podocalyxin antibody.
Conjugation: Unconjugated
Clonality: Monoclonal
Clones: 2A4
Isotype: Mouse IgM
Form: Liquid
Storage Buffer: 1 mg/ml in 1X PBS; BSA free, sodium azide free

#### **Recommended Dilution:**

Flow Cytometry: 0.5-1ug/million cells in 0.1ml

Immunofluorescence: 1-2ug/ml

Immunohistochemistry (FFPE): 0.5-1ug/ml for 30 min at RT (1)

Prediluted format: incubate for 30 min at RT (2)Optimal dilution of the Podocalyxin antibody should be determined by the researcher.

1. Staining of formalin-fixed tissues requires boiling tissue sections in 10mM Citrate buffer pH 6.0

for 10-20 min followed by cooling at RT for 20 min

2. The prediluted format is supplied in a dropper bottle and is optimized for use in IHC. After epitope retrieval step (if required)

drip mAb solution onto the tissue section and incubate at RT for 30 min.

## **Storage Instruction:**

Store the Podocalyxin antibody at 2-8oC (with azide) or aliquot and store at -20oC or colder (without azide).

#### **SwissProt:**

000592

## References

PEG precipitation

# **Product Description**

Podocalyxin/PODXL is a member of the CD34 transmembrane sialomucin family. It is over-expressed on the podocyte foot projections and plays essential roles in kidney development and homeostasis, blood filtration and urine formation. It is also expressed on vascular endothelia, hematopoietic progenitors and a subset of neurons. Overexpression of podocalyxin may be linked to more aggressive tumor behavior. Podocalyxin antibody can identify podocytes in the urine (podocyturia) that may indicate glomerular disease, pre-eclampsia, and other kidney pathology.

antibody (2A4).
