

Human Lipocalin-2 (Neutrophil Gelatinase Associated Lipocalin) ELISA Kit

Catalog No: tcfe363

Available Sizes

Size: 96T

Specifications

Species Reactivity:

Human

Sensitivity:

0.188ng/ml

Detection Range:

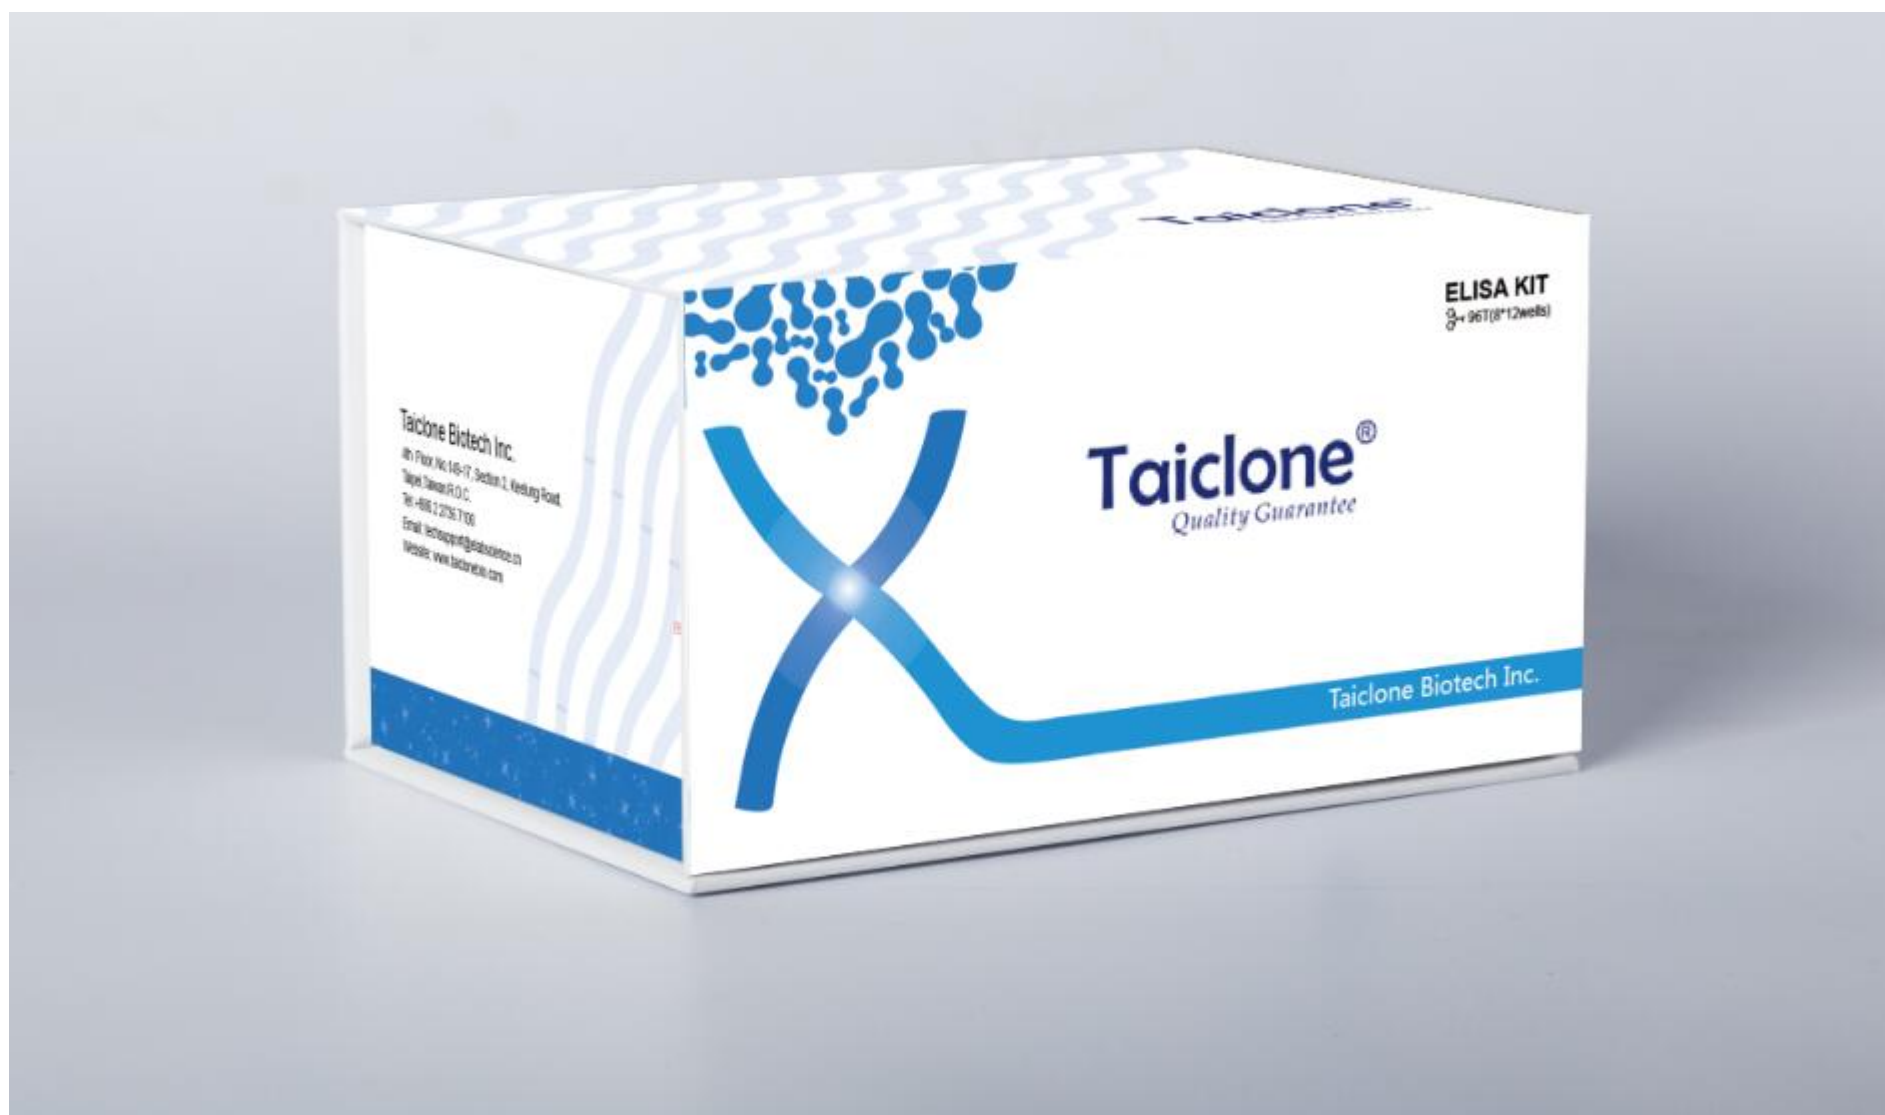

0.313-20ng/ml

Detection Method:

Sandwich ELISA, Double Antibody

Storage Instruction:

4 °C for 6 months

All products are for RESEARCH USE ONLY. Not for diagnostic & therapeutic purposes!
